# THE NEW COROLLA CROSS
## FILLED WITH **LIFE**

Model shown: Corolla Cross 1.8 HEV XR

## SOUTH AFRICA'S FAVOURITE CROSSOVER **JUST GOT BETTER**

Building on Toyota's lasting legacy of quality, durability and reliability, the new Corolla Cross comes packed with added value, enhanced style and next-level standard innovations so that you can explore more, travel further and truly express yourself.

# FILLED WITH **LIFE**

The new Corolla Cross puts you in control of your life. Letting you maximise opportunities, push boundaries and swap tasks; regardless of whether you're a doctor, entrepreneur, dreamer or a little bit of everything.

Always a doer - the new Corolla Cross is everything you want it to be. And, more importantly, it lets you be everything you need to be and more. It's made to allow you to live your life to the fullest.

Model shown: Corolla Cross 1.8 HEV XR

# FILL IT WITH **OPPORTUNITIES**

The fully-loaded, new Corolla Cross is designed for active lifestylers seeking to drive to their own beat. With a seven-strong model line-up comprising a choice of either petrol or petrol-hybrid, there's a Corolla Cross for everyone, every day and every adventure.

**THE COROLLA CROSS RANGE:**

**Corolla Cross 1.8 Xi**
**Corolla Cross 1.8 XS**
**Corolla Cross 1.8 HEV XS**
**Corolla Cross 1.8 XR**
**Corolla Cross 1.8 HEV XR**

# FILL IT WITH **FREEDOM**

Life is precious, and reaching the destination is as important as achieving your goals.

This is why new Corolla Cross models are driven by a powerful, yet ultra-economical 1.8-litre, four-cylinder petrol engine, producing 103 kW @ 6400 r/min and 172 Nm of peak torque at 4000 r/min. The self-charging hybrid models develop 72 kW @ 5200 r/min and 142 Nm @ 3600 r/min, with an additional 90 kW available from its electric motor throughout the rev range, pairing maximum drivability with eco-consciousness.

Average fuel consumption is measured at a respective 6.8 ℓ/100 km and a wallet-friendly 4.3 ℓ/100 km for hybrid versions.

Both engines power the front wheels through a smooth, select-and-forget CVT transmission, ideal for the school run, the highway or getting you to your favourite holiday spot.

# FILL IT WITH **STYLE**

Weekend warrior, work commuter or both? Your new Corolla Cross is a Swiss Army knife of style statements mirroring your multifaceted life.

Up front, emphasising its insatiable urban energy, all models sport an integrated geometric bumper and grille that extends towards newly designed LED headlights featuring sequential turn signal indicators.*

This dramatic dynamism is echoed at the rear through the taillamps; now better defined through the fitment of an inner lense*, to add uniformity and precision, ensuring you miss nothing when driving at night.

Xi and XS models are fitted with stylish 17” alloy wheels, with XR models shod with 18” alloy wheels as an additional extension of their exclusivity.

The new Corolla Cross is available in a variety of colours so you can show off your unique personality, with new stand-out colours Desert Gold and Oxide Bronze. Other colours include Chromium Silver, Glacier White and Platinum White Pearl.

For ferrying everything from surfboards to bicycles, full lifestyle enablement comes courtesy of roof rails that adorn the XS and XR models. Ultimate utility, upgraded.

*Available on selected models

INTERIOR, COMFORT AND CONVENIENCE

# FILL IT WITH **SOPHISTICATION**

Living a fuller life starts with getting the most from our vehicles. The new Corolla Cross doesn't disappoint and it will never let you down. From tech to connectivity to upgraded interior comfort, you've just crossed the cutting edge.

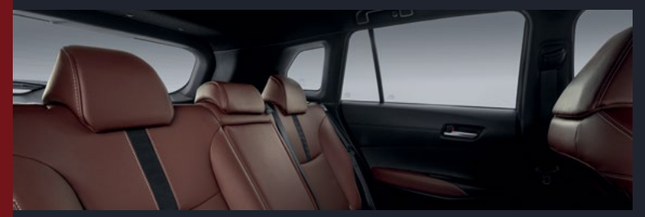

Step inside the spacious interior, and the immediate noticeable enhancement is the tactile improvement of the materials, stitching and carpets, available in two trim options, Black and Terra Rosa. All passengers can relax in style, with the rear seats now equipped with a reclining function as well as added rear aircon ducts on the Xi model.

To business: all models have been upgraded to incorporate Apple CarPlay, Android Auto connectivity and three USB-C ports; as well as an easier-to-operate, space-saving push-button electronic handbrake; while the infotainment touchscreen on the XS and XR models has increased to 10-inches.

Similarly, the instrument cluster on XS models has grown to 7-inches, with XR models treated to a fully digital 12-inch multi-information display. For an even more seamless driving experience, the vehicle is equipped with a push start button, as well as voice command through the roof microphone*. The XR now also incorporate a power rear door with a below bumper kick sensor for handsfree opening; and when steering into and out of parking bays in the future, drivers can look forward to a 360° top-down view of their vehicle in its surroundings with the Panoramic View Monitor, as well as adaptive cruise control and lane trace assist*.

Xi models feature rear parking sensors, with the mid-level XS model updated to receive front sensors in addition to its existing rear ones, making maneuvering child's play, any day. You're all set: A fuller life is calling.

*Available on selected models

# FILL IT WITH **PRECIOUS CARGO**

While the Corolla Cross empowers you to always chase your dreams with no regrets, you can pursue any and every path with the peace of mind that you and your loved ones are protected through the science of safety.

To this end, an extensive array of active and passive safety interventions exists to mitigate impacts and injuries to occupants.

All models are equipped as standard with:
ABS (Anti-Lock Braking System)
EBD (Electronic Brake Force Distribution)
VSC (Vehicle Stability Control )
HAC (Hill Assist Control)

The vehicle is moreover complemented by Blind Spot Monitor with Rear Cross Traffic Alert, which warns drivers of unseen vehicles during lane changing; as well as when reversing perpendicular into traffic.

Also included by default are driver, passenger, side and driver knee airbags, with XR models fitted with additional curtain airbags. Safe can also be smart; therefore, every Corolla Cross can be unlocked and locked with the key fob in the owner's pocket and started by a push button.

Likewise, the front and rear seat belt warning now automatically detect rear occupants, where ISOFIX fixing points for two car seats are also fitted. In addition to the above safety features, XR models take pro-active collision avoidance to the next level through their fitment of Toyota's Safety Sense™ system comprising of a pre-crash system which detects oncoming vehicles or pedestrians, prompting the driver with audiovisual warnings to take evasive action. Should the latter fail to happen in time, the vehicle's brakes may be applied automatically.

Toyota Safety Sense™ includes lane trace assist that monitors lane markers as well as the road's edge. When the system senses that the vehicle is excessively deviating from its lane, alerts are sounded, and the brakes automatically applied to arrest further straying.

No matter where the road may take you, and all the twists and turns you choose to take along the way, we'll always keep you out of harms way.

# TOYOTA ENVIRONMENTAL CHALLENGE 2050

**AT TOYOTA, CREATING TECHNOLOGICALLY ADVANCED VEHICLES ISN'T OUR ONLY PRIORITY; WE'RE COMMITTED TO LOWERING OUR ENVIRONMENTAL IMPACT THROUGHOUT OUR ENTIRE PRODUCTION PROCESS. HOW? BY SETTING OURSELVES SIX CHALLENGES THAT WILL SEE US REACH A TRULY WORLD-CHANGING GOAL - A POSITIVE ENVIRONMENTAL IMPACT BY 2050.**

The message is clear – Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.

CARBON NEUTRAL

THE TOYOTA COROLLA CROSS HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Corolla Cross range has been designed to have very low $CO_2$ emissions.

ZERO $CO_2$

## CHALLENGE 1

### NEW VEHICLE ZERO $CO_2$ EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle $CO_2$ emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

ZERO $CO_2$

## CHALLENGE 2

### LIFE CYCLE ZERO $CO_2$ EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only $CO_2$ emissions produced in travelling and manufacturing, but all $CO_2$ emissions including the process of materials production, disposal and recycling of vehicles.

ZERO $CO_2$

## CHALLENGE 3

### PLANT ZERO $CO_2$ EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero $CO_2$ emissions at our plants which are:
1. Developing and introducing low-$CO_2$ technologies with ongoing kaizen.
2. Adopting renewable energy sources and utilising hydrogen energy.

## CHALLENGE 4

### CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environment is important. We have two measures to achieve this - comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

## CHALLENGE 5

### CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continueworking on the challenge of establishing a recy-cling-based society.

## CHALLENGE 6

### CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

TOYOTA IS SERIOUS ABOUT COMBATING THE PROBLEMS ASSOCIATED WITH WASTE TYRES IN THE COUNTRY AND HAS THEREFORE TAKEN UP ITS PRODUCER RESPONSIBILITY AS DEFINED BY THE WASTE MANAGEMENT ACT OF 2008. WASTE TYRE REGISTRATION NUMBER: TPREG0031GAU

# GET CONNECTED WITH MyTOYOTA

IN-CAR WI-FI, ROADSIDE ASSISTANCE AND MUCH MORE

All Toyota vehicles can now be connected to the MyToyota App on your mobile phone, giving you more control of your driving experience and opening up a whole new world of personalised offerings and customisable features, so that you can enjoy:

- **IN-CAR WI-FI***
  Connect to Wi-Fi
- **GPS LOCATOR**
  Always know your vehicle's GPS location

KEEP YOUR TOYOTA GENUINE

Toyota vehicles are known for their Quality, Durability and Reliability. Keeping your Toyota Genuine means no compromises in terms of safety, performance and resale value. The range of Genuine Products and Approved Services will ensure complete peace of mind throughout the ownership journey and beyond. For more information on how to Keep Your Toyota Genuine visit www.toyota.co.za/owners/genuine-parts

## TOYOTA GENUINE PRODUCTS

For guaranteed fit and function, **Genuine Parts** are essential in maintaining the safety and reliability of your vehicle. They also comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to **Toyota Accessories,** developed by engineers with extensive knowledge on vehicle integration - you can enhance the appeal and functionality of your Corolla Cross without compromising its safety features or warranty. Warranties are about peace of mind, and the **Genuine Unlimited Warranty** is designed to provide superior cover (up to 10 years, unlimited mileage) and a seamless claims process thanks to full integration with Toyota systems. The **Genuine Extended Service Plan** also enjoys exclusive approval by Toyota SA and provides flexible extension options up to 10 years or 300 000 km to suit your period of ownership. Paying today's rates for tomorrow's maintenance is a sensible way to protect the resale value of your Corolla Cross by means of a full service history.

## TOYOTA APPROVED SERVICES

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. **Toyota Quality Service and Value Service** not only promise accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have a vast number of **Accredited Body and Paint Repairers**, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, **Toyota Roadside Assistance** provides the peace of mind that competent support is only a phone call away.

# TOYOTA GENUINE MEANS

✓ UNCOMPROMISED SAFETY ✓ GUARANTEED QUALITY ✓ PEACE OF MIND

**TOYOTA FINANCIAL SERVICES**

There is no 'one-size-fits-all' when it comes to vehicle finance and insurance, there is only you. With fast, flexible and convenient services we will structure the perfect Corolla Cross deal for you.

At Toyota Financial Services, we believe that purchasing your Toyota should be as enjoyable as driving it. Toyota Financial Services is the fast, flexible and convenient means of financing your Corolla Cross.
We have created a range of finance products that suit both private and business customers, easily accessible through your local Toyota dealer. We take the hassle out of arranging finance.
